- Expand and select your state using the same method.
- Press Tab to reach the City combo box and select your city.
- Please wait for the non-interactive CAPTCHA verification to complete successfully.
- Submit the Form
- Press Tab until you hear the Sign-Up button.
- Press Enter on the "Sign Up" button. You will receive a verification link in your registered email ID. Locate that verification link and press Enter on it to confirm your Prishni account.
- Activate Your Prishni Account. For activation Go to the inbox of the email address you used for registration. If activation mail not found in inbox, check in spam folder.
- Open the email received from Prishni.
- Press K or shift K to navigate the activation link. Press Enter key on the Activation Link provided in the email.
- The Login Page will open automatically.
- You will receive a confirmation message: "Your account is confirmed."
- If you do not receive the account activation link in your email, go to <https://prishni.in/signin/> and press K key to

navigate "Resend Activation Link" then press Enter on the "Resend Activation Link" to receive the email again.

- If you have created an expert or organization account, you will need to send an email to the Prishni admin team requesting permission to activate your account dashboard. Once permission is granted, you will be able to use your dashboard to create your course.

How To Sign In.

Sign in video link

<https://youtu.be/zNwH6B7TfH4>

- Open www.prishni.in in any browser. (We recommend using the Google Chrome browser.)
- You can do this by navigating through interactive elements using the Tab key (for the next element) or Shift+Tab (for the previous element).
- You can also navigate to the "Sign In" link by pressing K in browse mode with NVDA. JAWS screen reader users can press U for unvisited links and V for visited links.
- You can quickly jump to the "Sign In" link by pressing L for the next list and Shift+L for the previous list with NVDA and JAWS.
- Alternatively, you can navigate through list items by pressing I for the next list item and Shift+I for the previous list item with NVDA and JAWS.
- To fill out the sign-in form, you can navigate through all the fields using the Tab and Shift+Tab keys.
- On the login page press Tab to reach the Email edit field and type your email ID.
- Press Tab to reach the Password field and enter the same password you created during registration

- Please wait for the non-interactive CAPTCHA verification to complete successfully.
- Go to the "Sign In" button and press Enter to sign in.
- If you forget your account password, open the Sign In page.
- On that page, you will find a "Forgot Password" link by pressing tab key. Press Enter on this link to open the "Forgot Password" page.
- On the "Forgot Password" page, type your registered email ID in the email address field.
- Then, press Enter or the Space key on the "Reset Password" button.
- Your password will be reset, and you will receive the details via email.

Overview Of Your Dashboard

LMS Dashboard video link

<https://youtu.be/sl3Xp8VBFhg>

- Open www.prishni.in and sign in with your registered email ID and password.
- Depending on your role, your dashboard will open. If you are a learner, the learner dashboard will open.
- On this dashboard, you will find information about your total subscribed courses, total live sessions, total live webinars, and notifications.
- On this page, you can navigate through headings using H for the next heading and Shift+H for the previous heading. You can also navigate through links or land marks using the NVDA and JAWS screen readers.
- Once access is granted by the admin, open the notifications and press K key until you hear accept and hit Enter.
- Based on your role, you will see specific options on your dashboard, excluding the "Account" options.
- Screen reader users can expand and collapse the "Account" options by pressing the Space key.
- Within the "Account" options, you can navigate using the Up and Down arrow keys.
- In this section, you will find: your name's initials in the profile graphic, your full name, your email ID, the name of your dashboard as a link according to your role (for example, Learner Dashboard or Expert Dashboard), and the "Sign Out" option.

Learner Dashboard Page Structure.

- On this webpage, at the top, there is a "Skip to main Content" link, a link to the Prishni homepage, and account options. These options are set within a banner landmark, except for the "Skip to main Content" option and the sidebar menu.
- With the NVDA screen reader, when you navigate with the down arrow, you will find the options in this sequence: "Skip to main Content," sidebar menu, and "Prishni Logo Redirect to Home page." (The navigation behaviour of the screen reader might be slightly different in the case of some screen readers).
- Below the "Skip to main Content" option, on the left-hand side of the webpage, there is a sidebar menu. Within this menu, a navigation landmark is set, and options are created in the form of links according to your role.
- For example, if you have a learner account, you will find these Options: Dashboard, Explore Courses, Connect to Experts, Explore Webinars, My Certificates, Statements, Assessment, Settings, and Send Feedback
- The sidebar menu can be collapsed and expanded using the Space or Enter key. If a person wants to read the main page or view it in a larger size, they can collapse the sidebar menu. By default, it remains expanded. Screen reader users should not collapse this option.
- On your dashboard, you will find the link "Prishni Logo Redirect to Home page." Through this link, you can directly jump to the Prishni home page.

- In addition to this, there is also a main landmark and a content information landmark on the page. The content of the current page that is open from the links in the navigation landmark will be available in the main landmark.
- In the content information landmark, you will find other information such as Home, About Us, Careers, Contact Us, Blog, Privacy Policy, Copyright information, and Prishni's social media links.

Explore Courses.

Course content navigation video link

https://youtu.be/Mz1h4ds_PxY

- Sign in to Prishni with your registered account.
- After the learner dashboard page opens, navigate using the Tab key, Shift+Tab keys, or links to reach "Explore Courses" and press the Enter key. The Explore Courses page will then open.
- On this page, Press H key to navigate main content. Here you will find two tabs: "Buy Courses" and "My Purchases."
- The "Buy Courses" tab will be selected by default.
- In the "Buy Courses" tab, you will find all the courses available for purchase.
- If you have already purchased any courses, you can access them by going to the "My Purchases" tab by pressing tab key and hit Enter key.
- Courses are available in two categories: "Self-Paced Courses" and "Instructor-Led Courses."
- You can navigate between these two categories using heading level 2 (press 2 for the next and Shift+2 for the previous heading).
- You can navigate through the courses within each category using heading level 3 (press 3 for the next and Shift+3 for the previous heading).
- Additionally, if you are using NVDA, you can press Insert + F7 to navigate the list of courses through the Link List or the Heading List. If you want to access the list of courses through the heading list, press Insert + F7 with NVDA, and then press Alt + H for headings. This will allow you to see

all the courses in the heading list. To access the list press Tab then If you want to choose a course, press Enter on that course heading.

- If you are using JAWS, you can open the Headings List by pressing Insert + F6 and the Links List by pressing Insert + F7.

How to Access Courses.

- Sign in to your registered account on www.prishni.in and purchase your desired course by navigating to "Explore Courses." To navigate press K or Tab key until you hear "Explore Courses" press Enter
- Go to the "My Purchases" tab press H key and press Tab key until you hear "My Purchases". In this tab, all the courses you have purchased will be displayed.
- Navigate through headings or links to the course you want to access and open it press Tab or K key until you hear "Go To Course".
- If you are clicking "Go To Course", a dialog box will open on your screen. This box contains the following keyboard shortcuts for better navigation:

Keyboard Shortcuts.

- Alt + S: Focuses on the sidebar. If the device is mobile, it toggles the sidebar menu and then focuses on the currently active navigation link within it. If no active link is found, it focuses on the course heading link.
- Alt + C: Navigates to the content associated with the currently active navigation link in the sidebar.
- Alt + X: Navigates to the user's profile by focusing on and clicking the profile menu.
- Alt + H: Opens or closes the help modal.
- Once your course is open, the course content will be displayed in the main landmark of the page. To jump to the main landmark, use the D key for the next landmark and Shift+D for the previous landmark with NVDA. And with

JAWS, use the R key for the next region and Shift+R for the previous region.

- If none of these methods work correctly, you can access the course content using the Up and Down arrow keys.
- The entire course content is divided into modules and submodules.
- Access the content of modules and submodules within the navigation landmark and through links.
- Wherever you find a module, use the Space key to expand it and access its submodules. Note: Some courses may not have submodules.
- At the beginning of each module and submodule, you will find its heading and description. To start the module or submodule, you will encounter the option "Click checkbox to Start checkbox not checked." Use the X key to navigate to the next checkbox and Shift+X for the previous checkbox to find this option.
- If you are in the first module of a course, after navigating and when the screen reader reads this checkbox, press the Space key to check it. Then, press the Down arrow key to find the button "Click To Start Course and its First Module" and press Enter on it.
- Similarly, at the end of each course module's content, the option "Did you finish it? checkbox not checked" is available. Once you have finished a module or submodule, check this box and then use the Down arrow key to proceed to the next module or submodule, continuing your learning in this manner.
- At the end of some modules or submodules, you will find an assignment. After navigating to that option, you will find fields to type the assignment title and description, as well

as options to upload a file. You can navigate through these options on the screen using the Tab and Shift+Tab keys with NVDA and JAWS. Upload your assignment using the file upload option and then submit it.

- To upload an assignment, press Enter or the Space key on the "Choose file" option. A window will open on your screen to select the file. Navigate using Tab and Shift+Tab to select the file you want to upload and press Enter. Alternatively, navigate with the Tab key to the "Open" button and press Enter. After this, the file will be uploaded. Finally, press Enter or the Space key on the "Submit" button to submit your assignment.
